SERUM LIPASE

INVESTIGATION RESULT UNITS NORMAL RANGE

LIPASE 69.48 U/L UPTO 64

(Method: Enzymatic)

INTERPRETATION

Authorized Signatory

• Certain levels of lipase are needed to maintain normal digestive and cell function. Abnormally high levels of the enzyme in your blood can be a sign of a health problem.

• The serum lipase test is used to measure the amount of lipase in the body.

• The lipase test is often ordered at the same time as the amylase test.
